ABOUT KRISTINA

I've had a love for everyday beauty ever since a little girl. I come from a large family of artists - oil painters, art teachers, photography instructors, potters, jewelry-makers. My father introduced me to my first camera when I was twelve, and little did I know how far it would take me! After earning an English Literature degree, then starting a career in marketing and graphic design I decided to transform my budding photography hobby into a full-blown business and have loved every minute.

What differentiates me from other photographers? Take a look at my photos and you will see that my goal is to show the best, most beautiful side of you, your family, and your business - not to simply snap as many pictures as I can. When we consult I will ask many questions and listen intently because I want a deep understanding of what your photos are meant to portray and why. I also take special care during the editing process to clean up distractions and make you look your best so your photographs will be ones you can cherish and share forever.

As an artist I incorporate my vast experience and understanding of design into my photographs, prints, greeting cards, business flyers and birth announcements. Customization is very important to my work - because no person, family or business is different - your portraits shouldn't be either!

I welcome the chance to meet and learn all about you and hope I can help capture and share the moments you live for.

WHAT TO EXPECT

After contacting Kristina via email or telephone, she will return your inquiry to discuss the specifications of your session. When you're ready to book, Kristina will send you a contract and an invoice for a deposit. 50% of the session fee is required to book and the remainder of your fee is due the day of the shoot.

Should you need to reschedule, 24-hour notice is required or a \$50 fee will be charged. Cancellations must be made one week prior to your session or you will forfeit your deposit.

Before your session Kristina will arrange to meet with you briefly to discuss details and answer any questions you may have. This can also be done over the phone or through email if you prefer.

After the session your photos will typically be processed between 1-2 weeks unless other arrangements have been made. When they are fully processed you will receive an email with a link to your online gallery, and there you will choose your prints and other items included in your package. You can also send this link to family and friends for viewing. You or anyone else can order additional prints directly from the gallery at anytime. Your gallery will be online for six months, after which all photos will be removed.

Once you have chosen which poses you'd like to use for your package prints, email Kristina your choices and they will be printed and delivered in approximately 2-3 weeks.

If your package includes custom designed albums or other products, Kristina will be in touch regarding the look, feel and design.

Custom orders and special projects are always welcome, simply contact Kristina to discuss your needs!
